

Hurricane Florence Designations

Because Hurricane Florence hit so close to home, PWNC has been working directly with the affected presbyteries in NC. For those who wish to contribute to the relief effort, and to ensure funds reach those most in need in a more timely fashion, please mark your donation "**Hurricane Florence Direct Response**" and mail to the Presbytery office (114 Silver Creek Road, Morganton NC 28655). PWNC will take these funds and send them directly to the presbyteries impacted.

As always, you are welcome to send your donations for PDA through the PWNC. If you prefer this option, please include one of the following references, depending on how you wish your donation to be coded:

- **DR000169** - Disaster Relief - US Hurricane Response - This designated account supplements the One Great Hour of Sharing (OGHS) offering to enable a significant, ongoing response to hurricanes that affect **the United States**.
- **DR000194** - Disaster Relief - Hurricane and Typhoon Relief - This designated account supplements the One Great Hour of Sharing (OGHS) offering to enable a significant response for relief and recovery from hurricanes and typhoons that cause widespread destruction **internationally and in the United States**.
